We continue to listen and act on feedback

Westbourne Park Primary School is a vibrant place with energetic staff and students with an involved community. Our attention is always on improvement and bringing out the best in everyone for the advancement of students.

Leaders are out and about working with teaching/staff teams, visiting and observing teaching and learning in action, readily accessible via email/phone/face to face and attending our school functions such as Pete McPheat's recent concert, visiting camps and fundraising activities.

We are committed to Habits of Mind with Rachel Mullins being our HoM Coordinator. She is currently working on a brochure to promote HoM for current and new families and supporting teachers with raising the profile of HoM in their classrooms.

We continue to develop our students holistically, building on their resiliency and ability to manage life changes. Programmes to support positive relationships are in all classrooms. The 'Keeping them Safe' curriculum is a focus across R-7. Brainstorm Productions presented their Anti-Bullying show for students. All student matters are a priority and dealt with in a timely way. Bethany, our Pastoral Care Worker is an excellent conduit for students/teachers and families.

Students are involved in decisions about their school and their learning at their Class Meetings and Student Executive meetings. Their latest has been the decision about the new playground for Yard B that we all hope will be installed later this year. Nature Play is next on the agenda for the near future.

The School Captains are involved in school tours and are amazing Ambassadors for WPPS.

We continue to listen and act on feedback—cont'd

Information is provided for families in a range of ways i.e. class newsletter, blogs, skoolbag, school newsletter and facebook. Governing Council Newsletters are coming out twice a term. Education Committee are providing information papers focussing on 'Frequently Asked Questions'. Both Sharon and Linley presented a Reading Workshop that was well attended by parents/caregivers. Our two Numeracy Coaches are regularly sharing about Mathematics.

Lake Westbourne is finally no more!! The new drains are doing their job and it is a pleasure to have a decent pathway to walk on. The Sustainability Group have begun the preparations needed in readiness for planting plants that will attract butterflies. This group has a range of jobs on the go to further improve our grounds. During the break the pool was demolished. The plan for this area will in the future house a new building using the five million we have been allocated; in the interim we will consider cost effective options to make the space usable.

We will continue our commitment to providing the best educational learning for all our students.

Kind regards
The Leadership Team

Student Executive News

I am Emily. I am part of the Student Executive Team. In Week 7 The Student Executive Team launched a clothes drive for Vinnies. On Wednesday we went around and grabbed all the bins so they could be collected and given to people who need it the most. We are proud to say that almost every bin was full and together our school raised a total of 330kg of clothes. I would just like to say thank you to everyone on the behalf of the Student Executive Team and Sue for donating the clothing and for being involved in a great community event. Thank you!

Do you have a child leaving at the end of the year?

If so, please let the office know as soon as possible.
This information will help us greatly to make informed decisions about class structure and staffing needs for next year.

We are delighted to announce that Ethan P. was awarded the Westbourne Park Primary School Kelly Sports Star of the Term by our Kelly Sports coach for Term 2.

The reasons for Ethan's nomination were:

- Always having a smile on his face
- Putting his all into learning new skills,
- including competing against the older kids

Student Achievements

Congratulations to our students who are known as "The Branch" performed at Nazareth College's Battle of the Bands.

They won the bronze medal (out of 13 bands) and were awesome!

"The Branch" includes Chloe M, Blythe S, Henry M and Billy M from Westbourne Park, as well as Seb M, Isabella R and Marcello R from Coromandel Valley, Unley High and Mitcham Primary.

Acknowledgement goes to Peter McPheat and the wonderful work he does with some of our students.

Divide & Conquer

Wise words ...

**Good mathematics is not about how many answers you know ...
It's how you behave when you don't know.**

Unknown

Congratulations to Alice S, LC4, for being the lucky person who won the first Puzzling Puzzler \$20 voucher for the FRESH Bites Cafe! She answered the first puzzle correctly and placed her answer in the box in the library, and her name was pulled out at random. Would you like to win a \$20 voucher? Simply answer the Puzzling Puzzler correctly and place it in the Puzzling Puzzler box in the library to be in with a chance!

Puzzling Puzzler #2 is yet to be drawn, you are still in with a chance to win that \$20 voucher. Those who have placed an answer in the box need to re-read the question more carefully and make some corrections. Maths is about exploration, collaboration and understanding. Always make sure you read with clarity and precision and check that your answers make sense. You have to be in it to win it!

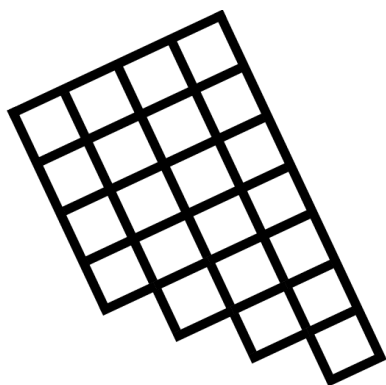

How Important is Maths Homework?

It really depends on the quality of the homework being set. Doing long lists of problems that are essentially the same can actually be damaging to individual mathematical mindsets. Schools that stopped sending home this type of homework saw no significant reduction in achievement but did see a significant increase in the quality of home life.

Maths should be about exploration and discovery. Memorisation of number facts, such as times tables, might seem like a great homework task, but automaticity should be achieved through understanding of numerical relations and by thinking deeply about number strategies.

If you want to help at home, play games and solve puzzles, make playing with maths a fun family experience. Talk deeply about numbers and how you use them. Make learning maths an exciting and positive experience for all.

Puzzling Puzzler #3

How many squares do you see in the picture? Think deeply about this one ... it's probably more than you initially think! FRESH Bites \$20 voucher to be drawn mid term.

Carparking & Road Safety around the school

School Drop Off Zones & Signage Rules

Parking restrictions around schools are specifically designed to improve the safety of pedestrians and minimise traffic congestion.

Familiarise yourself with parking restrictions around the school and obey the parking signs and restrictions.

We also ask that you ensure that you are not parking across our neighbours driveways. Please be respectful of the local residents.

It is safer to park your car and walk to meet children at the gate rather than parking and calling children across the road.

Please remember that the parking areas on the school grounds are for staff and delivery vehicles only. We also ask that for the safety of the children, they are encouraged to use the normal entrance areas of the school and not use these parking areas as shortcuts.

NO STOPPING ZONES -

These zones are usually adjacent to school entrances and the approach and departure sides of school crossings.

You must not stop your vehicle in a no stopping zone or on a solid yellow line, not even for a few seconds.

NO PARKING ZONES -

You may stop in a No Parking zone to immediately pick up or set down your child, and drive off as soon as possible.

No Parking zones are to ensure a quick and smooth turnover of vehicles.

You must not leave your vehicle parked or unattended. If you are going to collect your child from this zone, have your child wait nearby in the school grounds so they can see you arrive. On your arrival they can then leave the school ground, enter your vehicle and you can then drive off.
